

SRIRAMAKRISHNAN G

Software Developer | Full-Stack Developer

8668190283 | sriramakrishnan56@gmail.com | [LinkedIn](#) | [GitHub](#) | [City, India]

PROFESSIONAL SUMMARY

Aspiring Software Developer with a solid foundation in Python, full-stack development (React.js, Node.js, FastAPI), and strong analytical problem-solving skills. Hands-on experience building functional web and mobile applications through internships and a national-level hackathon. Eager to apply a fast-learning mindset and full-stack skill set to deliver impactful, user-focused software within a collaborative engineering team.

TECHNICAL SKILLS

Languages: Python, Java, C, C++, JavaScript, SQL

Frontend: HTML5, CSS3, React.js

Backend & Databases: Node.js, FastAPI, PostgreSQL

Mobile: Flutter

Core Competencies: Analytical Thinking, Problem Solving, Adaptability, Team Collaboration, Communication

PROJECTS

Feane — Food Ordering Website

[\[Project Link\]](#)

- Engineered a full-stack food ordering website enabling users to browse menus, customize orders, and complete checkout end-to-end.
- Built a responsive interface using HTML5, CSS3, and JavaScript, ensuring a consistent experience across devices.

Evento — Event Management App for Event Organizers

Flutter · FastAPI · PostgreSQL

- Built a cross-platform app in Flutter that lets event organizers create, publish, and manage event listings and bookings.
- Developed and integrated a FastAPI backend with a PostgreSQL database, connected via RESTful APIs for reliable, real-time data flow.

ScanWear — Smart India Hackathon 2025

[\[Project Link\]](#)

- Designed and built ScanWear, a working prototype developed as part of a team during the national-level Smart India Hackathon 2025 — [add a 1-line description of what it does/scans and the problem it solves].
- Collaborated under a competitive, time-bound hackathon format, applying full-stack development and problem-solving skills to deliver a functional demo.

EXPERIENCE

Web Developer Intern — HDB Tech Solution

[Month Year] – [Month Year]

- Developed and maintained web pages and features using HTML, CSS, and JavaScript as part of client-facing projects.
- Collaborated with the development team to test and refine functionality, contributing to reliable, bug-free releases.

Intern — VLC Foundry

[Month Year] – [Month Year]

- Completed an exploratory internship, gaining hands-on exposure to the company's technology stack and engineering workflows.

CERTIFICATIONS

- IBM Career Development Certification
- HP Industrial Learning Program

LEADERSHIP & EXTRACURRICULAR

- Creative Head & Marketing Manager — Kalomix: Led creative direction and marketing strategy, [add what Kalomix is — event/brand/team].
- Social Media & Photography — Isha Foundation: Managed social media content and photography for outreach and engagement campaigns.

EDUCATION

B.Sc. Computer Technology — [University/College Name] [Year] – Present (Expected [Year])

- Relevant coursework: [Data Structures & Algorithms, OOP, DBMS, Web Development] — confirm and update.
